

# AN OCEAN OF THIRST

Words and music by Adi Olivier

## **PART I (Aliens & Strangers)**

### **VERSE 1**

Out of touch  
And out of sight  
I stumble back into the light  
Like strangers in a foreign land  
I hold to what seems alien

### **CHORUS 1**

And I don't wanna let go  
Falling into an ocean of thirst

### **VERSE 2**

The fight is real  
Alarms resound  
But push I must through pressing crowds  
If only I could touch the hem  
Of Him whose wings contain healing

### **CHORUS 2**

No I don't wanna let go  
Now that I have been all made well  
Already drunk from the well  
And fallen into an ocean of thirst

## **PART II (Living Water)**

### **BRIDGE 1**

No I don't wanna let go  
Now that I have been all made well  
No I don't wanna let go  
Falling into an ocean of thirst

## **BRIDGE 2**

Living water  
Quench my soul  
Washing over  
Making me whole  
Should I stumble  
Should I fall  
Won't You fill me all over again

## **PART III (The Mariner's Lament)**

### **OUTRO**

No I don't wanna let go  
Now that I have been all made well  
No I don't wanna let go (no)  
'Cause falling into an ocean of thirst (is like)  
Water, water, everywhere but  
Not a drop to drink
