Intro (Guitar Riff) : 1 4 3

Verse 1

1
Heaven came when all was lost
To show a better way
The fathers son sent down for us
To take the sinners place

Verse 2

1
To live a man and rise a king
Tearing through the grave
Life renewed through sacred blood
The Saviour turned the page

Pre-chorus:

4 **6**
Like the son upon a new horizon
1 **5**
I have seen the light
4 **6**
No going back down the road I've
walked
5
No going back to who I was

Chorus

1
No more sin and no more shame
4
No more hurt and no more pain
6
Death has lost its grip on me
5
The cross has overcome the grave

No more hiding from your light
Coz love came
breaking through the night
Mercy came to make a way
No longer I but Christ in me

Verse 3

1
Living for a higher call
Chosen, set apart

With grace to shake
the dust I've worn
And purify my heart
