

FALL ON US

Rowan Laljith, Lloyd Cele and Timothy Aleksander Christie

Verse 1

Your spirit is in this place
Changing the atmosphere
Dry bones begin to wake
Fall on us again

Verse 2

Somethings about to break
We hear the sound of chains, falling
Heavenly sounds of praise
Jesus Is in this place.

Chorus

We want nothing more
Than all you are
All you are, Jesus
Breathe on us we pray
As your people call
Draw near to us
Near to us, Spirit
Fall on us again

Verse 3

Jesus is in this place.
Rebuilding his church again, calling
A city upon a hill
A call for the world to hear.

Chorus

Fall on us again

Bridge 1

Sons and daughters
Lift the sound
Old and young
Declare His Name aloud
Breath of heaven
Come and fall again
As your people sing
As your people sing

Bridge 2

See your church awaken
To the spirits call
With a holy fire
And an ancient song
We cry Hallelujah
You have overcome
Now your people sing
Now your people sing.
