

Hope Through It All

Rowan Laljith , Paulette Parker , Claudio Andreoni , Lloyd Cele

Verse 1

I've searched and I've found
There's no name
That's higher than Yours
When victory abounds or
Deep in the eye of the storm

Pre Chorus

I'm running toward You
Running into Your arms
Let love overthrow me
And hope rise within my heart

Verse 2

On waters unknown
You're teaching me how to be still
When fear takes a hold
And doubt lays a grip on my soul

Pre Chorus

Chorus 1

I will lift my eyes
I will still my heart
When the world fades around me
Christ is my only hope

Verse 3

Should trials arise
And trouble surround on all sides
My heart will endure
My future secure in Your love .

Chorus 1

I will lift my eyes
I will still my heart
When the world fades around me
Christ is my only hope

Chorus 2

I will lift my voice
Till Your work is done
'Cos Your love never fails me
Christ is my only hope

Bridge

Hope of the world
Hope gave it all
Carried the burden
When He took my fall

Bridge

Hope for my soul
Hope that can heal
Hope in the battle
Hope without fear

Hope made a way
Lifted my head
Hope in your promise
In all that You said

Hope in the storm
Hope from above
Hope for a future
Anchored in love

Hope through it all
Light In the dark
Hope in the valley
Leading my heart

Hope for today
Hope that remains
Hope for this season
My hope in His Name

Chorus 1
